

James Benham

Chief Executive Officer & Professional Speaker, JBKnowledge

 @JamesMBenham

Biography

As CEO of JBKnowledge, a professional speaker, and lifelong technologist, James is an ambassador for technology adoption and innovation in the construction and insurance industries.

While growing up in Baton Rouge, Louisiana, James Benham began writing code at the age of 11 and by 14 had developed his first application. Three years later, he co-managed an internet services provider (ISP), providing dial-up Internet to over 4,000 users. James went on to complete a Bachelor of Business Administration in Accounting and a Master of Science in Information Systems while in the [Corps of Cadets](#) at [Texas A&M University](#). During his final year at Texas A&M in 2001, James established his second company, [JBKnowledge, Inc.](#) He has continued to stay involved with his alma mater by joining the university faculty as an Adjunct Professor in the Department of Construction Science at Texas A&M.

James is now the Chief Executive Officer of [JBKnowledge, Inc.](#) James has led JBKnowledge to become a premier provider of technology solutions for the construction and insurance industries, with clients across North America, the Caribbean and the Middle East. [JBKnowledge](#) is also the maker of the [SmartBid](#), [SmartCompliance](#) and [SmartInsight](#) cloud and mobile solutions. As a rapidly growing business year after year, JBKnowledge is a seven-time recipient of the [Aggie 100](#) award, six-time [Newman 10](#) recipient, and was recently named to the [LSU One Hundred](#) for the second time. The company, and James, are

headquartered in Bryan/College Station, TX with offices in North America and South America.

With extensive experience in the design, development and use of technology to improve efficiency, James is a sought-after speaker across the United States, Canada and abroad on business information technology, data security and innovative technology solutions. James' dynamic speaking style allows him to share his vast technical knowledge in a down-to-earth, engaging manner. In 2015, James presented at a variety of national events including: Associated General Contractors of America (AGC) IT Forum, CONEXPO, Construction Financial Management Association Annual (CFMA) Conference, Construct Canada, BIMForum, Augmented World Expo (AWE), Associated General Contractors of America (AGC) Annual Convention, and more. In addition, he was recognized among [ENR Texas & Louisiana's 2014 Top 20 Under 40](#) for his advancements in construction technology and is a founding member of the Construction Open Standards Alliance. See his full schedule [here](#).
